Power to protect. Power to perform.

Top Gear HD 80W

Top Gear HD 80W HD monogrades are extreme pressure gear oils meeting the API performance levels GL-5 and GL-4. These HD grades are manufactured from high quality base oils and high levels of extreme pressure (EP) additives to provide a lubricant with outstanding anti wear protection. It is designed to cope with the increasing demands of today’s motoring conditions, which include high shock load, high torque, and high-speed service conditions.

BENEFITS:

- Excellent oxidation stability
- Long service life
- Outstanding low and high temperature performance
- Good protection against rust and corrosion
- Suitable for synchromesh gearboxes
- High level of wear protection

Exceeds the following performance requirements:

- API GL-5,
- GL-4 Military
- Mil-L-2105B
