

Better engine oils

Power to protect. Power to perform.

TOP LDS FLUID

PRODUCT CODE: T07011

TOP LDS FLUID Is a synthetic hydraulic fluid, especially developed for power steering systems, levelling systems and hydraulic (suspension) systems. This specific product is recommended for the Citroën HYDRActive 3 system.

BENEFITS:

- A very high viscosity index and a very low pour point. Therefore, the product is recommended for an optimum performance of power steering systems, also at very low ambient temperatures.
- Protects the system against oxidation. Because of the high boiling point and the water resistance, the product can be applied for a long lasting and safe use when this type of product is prescribed. The drain interval is 5 years or 200.000 km, depending on which situation occurs first.

Exceeds the following performance requirements:

- DIN 51524/3 (HVLP)
- PSA S71 2710 (LDS)

TYPICAL ANALYSIS:

Colour		Dark orange
Density at 20°C	0.826 kg/l	ASTM D 4052
Viscosity, kinematic at 40°C	18.8 cSt	ASTM D 445
Viscosity, kinematic at 100°C	6.5 cSt	ASTM D 445
Flash point	155 °C	ASTM D 93
Pour point	-54 °C	ASTM D 97
