

Better engine oils 
Power to protect. Power to perform.

TOP PERFORMANCE PSA 0W/30

PRODUCT CODE: T069398

TOP PERFORMANCE PSA 0W/30 A fully synthetic and mid saps engine oil formulated for use with modern petrol and diesel engines, particularly Citroen, DS and Peugeot vehicles. Our specialist Adaptive Molecular Technology maintains engine power, maximises efficiency and improves reliability whilst supporting exhaust after-treatment devices throughout the vehicle's lifecycle.

BENEFITS

- Compatible with diesel particulate filters (DPF) and three-way catalysts (TWC). Enhanced low temperature performance.
- Excellent engine cleanliness.
- Offers extended service intervals.
- Optimised fuel efficiency.
- Superior performance under both high and low temperature conditions.
- Supreme levels of engine protection.

Exceeds the following performance requirements:

- Recommended as suitable for the following applications:
- ACEA C2
- PEUGEOT/CITROEN B71 2312

TYPICAL ANALYSIS:

Density @ 15°C (kg/m ³)	ASTM D4052	0.844
Flash Point (°C)	ASTM D92	>200
Kinematic Viscosity @ 40°C (mm ² /s)	ASTM D445	54
Kinematic Viscosity @ 100°C (mm ² /s)	ASTM D445	9.7
Total Base Number (mg KOH/g)	ASTM D2896	6.1
Viscosity Index	ASTM D2207	167
