

**Better engine oils**  
Power to protect. Power to perform.

## PERFORMANCE RNX 5W/30

**PRODUCT CODE: TO1208**

**PERFORMANCE RNX 5W/30** A new generation fully synthetic low SAPS (sulphated ash, phosphorus and sulphur) multigrade engine oil formulated using the latest developments in synthetic technology together with state-of-the-art additive chemistry which sets new standards in engine oil performance. Developed to provide outstanding performance, e.g. in terms of engine cleanliness and fuel economy benefits, along with effective emission control and full compatibility with emission control aftertreatment systems such as diesel particulate filters. Low SAPS additive technology ensures a high level of continuous pollution control thereby minimising environmental damage.

### BENEFITS:

- Effective environmental protection
- Ensures lubricant performance over extended drain intervals
- Effective fuel efficiency
- Very high standards of engine cleanliness
- Exceptional long term anti-wear and oxidation stability
- Excellent high and low temperature performance
- Exceptional long term additive response

Exceeds the following performance requirements:

- ACEA C4
- Renault RN0720
- MB 229.51 226.51

Suitable for both petrol and diesel engines, including turbocharged, in both passenger cars and light commercial vehicles. In particular this product is formulated for modern Renault vehicles with after treatment systems such as diesel particulate filters.

### TYPICAL ANALYSIS:

Kinematic Viscosity @ 100°C (cSt)	11.8
Kinematic Viscosity @ 40°C (cSt)	68.5
Viscosity Index	169
Pour Point (°C)	-36
Sulphated Ash (% wt)	0.4
Flash Point COC (°C)	230
TBN (mg KOH / g)	6.8
