

TUF TAC SEMI FLUID 00 and 000 EP

A premium quality grease prepared from refined base oils and lithium hydroxy stearate soap thickener. The grease contains oil soluble EP additives to provide protection against seizure under highly loaded service conditions. The grease also contains additives to inhibit oxidation and rust. This grade of grease is particularly suited for use in industrial equipment and in some automotive gear box applications. The grease is easily pumped over long distances, even at low temperature.

Typical Inspections		
	00EP	000EP
Appearance	Smooth fluid grease	Smooth fluid grease
Colour	Green / Brown	Green/Brown
Penetration (IP50)	400-430	445 - 475
NLGI Classification	00	445 - 475
Timekin OK load (IP 326) Kg	20	000
Operating Temp. Range	-30C to + 110C	20
4 Ball Weld Load KG	315	-30C to +110C
Mean hertz load	58	315
Copper Corrosion (IP112)	1b	58
